Honorable Bill Archer  
House of Representatives  
Washington, D.C. 20515

Dear Mr. Archer:

Thank you for your letter of 9 February and your invitation to Mr. Casey to meet with a group of high school students from your Congressional district.

I am sorry to have to advise you that the Agency has had to change its policy of providing CIA officials to appear before many groups. We were being inundated with so many requests that we simply did not have personnel available to accommodate them. I hope you can appreciate our position as we like to try very hard to fulfill such requests.

When and if this policy changes, I will be in touch with you.

Cordially yours,

Director, Office of External Affairs
